

## TO PREPARE FOR THE OCCUPATION

TROOPS ARE ABOUT READY TO  
GO TO CUBA

Gen. Lee's Corps Will Be Sent to  
Havana—Peace Commission May  
Settle Matters By Monday Next—  
Annexation the Ultimate Destiny  
Of the Island.

Washington, Oct. 21.—[Special]—It has been definitely decided that the United States troops will occupy Cuba on the first day of December. There will be no postponement from any cause and Spain has been notified to this effect. It will therefore be her business to get her troops off the island promptly by that date. Gen. Lee's corps the seventh, will comprise the army of occupation and all preparations have already been made for the transportation of the command. The main body of troops will be stationed in Havana, but other towns along the coast will be garrisoned. There will be no ceremony upon the occasion. The troops will simply march to the quarters assigned them, carrying their colors, and the American flag will temporarily over the government buildings. Whether or not the flag of the Cuban republic will be given a place is yet to be determined.

### ANNEXATION ITS DESTINY.

Cuba Is Bound To Become a Part of the  
United States.

Washington, Oct. 21.—[Special]—Those who believe that Cuba will be formally annexed to the United States are becoming more numerous as time passes, and it is not believed that the United States troops, who will take formal possession of the island December 1, will ever be withdrawn. The Cuban republic, which will receive the formal sanction and support of this government, is looked upon as merely a make-shift on the road to annexation, just as the Dole government was in Hawaii. The Cubans are not fitted for the responsibilities of self-government, and it will be years before they can even exercise the functions of statehood. The American troops will preserve order and incidentally act as missionaries in the annexation cause, while the large increase of Americans and American capital expected to rush in after the Spaniards leave will create an American interest which will not be ignored. There are few here who now doubt that within a decade Cuba will become an integral part of the United States.

### CIRCULATING FALSE REPORTS

Spaniards Grossly Misrepresent the Situation at the Philippines.

Hong Kong, Oct. 21.—[Special]—Consul Wildman is informed that the dispatches sent to Madrid from Iloilo by Gen. Rios that he put down the rebellion in Visayas are false. The Spanish troops entrenched at Iloilo are in fear of capture. All the country outside the forts is in the hands of the insurgents. The Spanish troops are practicing barbarous cruelties on suspected Filipinos.

### DATE OF OCCUPATION FIXED.

Havana Will Be the Last City Our  
Troops Will Enter.

Washington, Oct. 21.—[Special]—Plans for the occupation of Cuba are being perfected rapidly, and today the war department officials had advanced to a point where they are able to set a definite date for the departure of the vanguard of the American army. The first troops will leave Nov. 3, others following as rapidly as possible. Havana is not to be entered until Spanish sovereignty in the island is completely ended.

### DEWEY SENDS A MESSAGE.

Makes No Mention of Alleged Sensational  
Occurrences at Manila.

Washington, Oct. 21.—[Special]—Admiral Dewey sent a brief cablegram to the navy department this morning. It was about supplies, and mentioned no more captures of insurgent ships or any other matters which are alleged to have transpired around Manila.

### TROOPS LEAVING PORTO RICO.

Last of the Volunteers Sail for the  
United States Tomorrow.

Washington, Oct. 21.—[Special]—General Brooke telegraphs from Porto Rico that the departure of the last of volunteers in the island will begin tomorrow, when the Third Illinois will embark at Arroyo.

### MAY BE SETTLED MONDAY.

Cuban Question Still Engrosses Attention  
of Paris Commission.

Paris, Oct. 21.—[Special]—The American-Spanish peace commissioners held separate sessions this morning. Later, they held a joint session. But it is not believed the Cuban question will be settled here Monday.

### WAITING THE CAMPS.

Investigating Committee Is Making  
the Rounds.

At Ga., Oct. 21.—[Special]—The investigating committee arrived here this morning. Anniston, Ala., Chattanooga and Huntsville, will be visited in the near future.

### WHAT TO KNOW ABOUT IT.

Spanish Government Is Investigating the  
Destruction of Cervera's Fleet.

Madrid, Oct. 21.—[Special]—A com-

mission has been appointed to investigate the destruction of Cervera's fleet. Cervera will be summoned and required to testify.

## A DEMOCRAT BOLTS.

Well Known Janesville Man Says He  
Will Vote the Straight Repub-  
lican Ticket.

"I shall vote for William G. Wheeler for member of the assembly," said a very prominent democrat today. "I kept still on the silver business two years ago, but I am disgusted with the democratic state platform, and will not support it again. Gov. Scofield has been an excellent executive. He has been bitterly assailed, but that is campaign work. I believe that he is an honest man, who does what he thinks is right. I shall vote for him."

"Mr. Wheeler made a splendid record as an assemblyman. I have known him for years, and admire him for his many qualities and personal ability."

"I hate to admit it, because I am compelled to confess the utter weakness of my party, but duty to my conscience compels me to say that I shall vote the straight republican ticket this fall. The interests of the country demand that action, and I shall advise all my friends to do the same."

"Can you use my name?" you ask.

"Well, hardly. It is humiliating enough to make this confession anonymously. No; do not use my name—at present, at least. Later on I may change my mind."

## SHERIFF SELLS THE WILSON BLOCK

OLD LAND MARK DISPOSED OF  
AT AUCTION

William Buggs, the Coal and Wood  
Dealer, The Purchaser—Will Re-  
model the Structure, Which Is  
Located at the Corner of River and  
Dodge Streets—Sold Cheap.

Sheriff Acheson, in front of the post-  
office at 10 o'clock this morning, sold the Adam Wilson block, at the corner of River and Dodge streets, to William Buggs, of this city, for \$3,250.

The sale was ordered by the taking of  
judgment and mortgage to the amount  
of \$2,940.30.

The transfer of this property brings  
about the sale of one of the oldest land-  
marks in the city of Janesville. The  
structure is built of white brick, is three  
stories high and runs back to a 20-  
foot alley a distance of 110  
feet, and is twenty-two feet wide.  
The first floor of late has been occupied  
by Spicer Bros. as a general repair  
shop. The second and third floors have  
been unrented. The whole building is  
in poor condition, and will need much  
repairing.

Mr. Buggs stated this morning that  
it was his intention to lay out considerable  
money on the building in the near  
future. The first floor, he says, will be  
put into a store, and probably the sec-  
ond floor into offices. The improvement  
will be one much needed, and will add  
much to the value of property in that  
portion of the city.

## DON CARLOS THREATEN

Will Start a Revolution in Spain As  
Soon As the War Settlement  
Is Made.

London, Oct. 21.—[Special]—Don  
Carlos, the Spanish pretender, is com-  
ing to London next week to endeavor

DON CARLOS.

to raise a loan for the purpose of for-  
warding his plans for revolution and  
the seizure of the throne of Spain,  
which it is openly avowed will be at-  
tempted as soon as the treaty of peace  
with the United States is signed.

## MINERS' WAR RENEWED

Fierce Fighting Is Taking Place At  
Viriden, Ill.—No Casualties  
Yet.

Viriden, Ill., Oct. 21.—[Special]—A  
fierce fight is raging in the Chicago-  
Viriden mine, the scene of the recent  
trouble during which many men were  
killed. No casualties are reported so far.

No discount on our prices. They  
will not allow it. F. L. Quatsoe, ad-  
vertiser of facts.

## FASHODA AFFAIR, PROMISES A WAR

FRANCE AND ENGLAND ON THE  
VERGE OF CONFLICT

Attempts To Belittle the Matter Are  
Of No Avail—The Press Cannot  
Allay the Public Alarm—Prepara-  
tions For Deadly Combat In Ac-  
tive Progress.

Paris, Oct. 21.—[Special]—Prepara-  
tions for war by England and France  
continue to agitate the press and pub-  
lic. It was thought some days ago  
that the Fashoda incident was practically  
settled and a semi-official announcement  
to that effect was promulgated, but  
breakers seemed to have loomed up  
somewhere, and the talk of war and  
preparations for such an event occupy  
public attention. The French press is  
in no manner harsh in its comments.  
Their underlying tone indicates the be-  
lief that the negotiations will reach an  
amicable conclusion.

Berlin, Oct. 21.—The St. Petersburg  
correspondent of the Cologne Gazette,  
in a dispatch to that paper on the polit-  
ical situation, says:

"Here also interest in the Nile ques-  
tion is rapidly increasing and Russia's  
conductor in this matter will conform to  
the expectations formed in connection  
with her alliance with France."

According to the Gazette's corre-  
spondent, the Russian finance minis-  
ter, acting in concert with Count Murav-  
iev, minister of foreign affairs, has  
attempted to raise a large loan in  
Paris, and a similar attempt will be  
made in Berlin.

### Great Britain Ready for War.

London, Oct. 21.—The speech deliv-  
ered at North Shields by Sir Michael  
Hicks-Beach, chancellor of the ex-  
chequer, in which he declared that  
there were greater evils than war and  
that Great Britain would not shrink  
from anything that might come, has  
further stimulated discussion of the  
Fashoda situation. Nearly all of the  
newspapers contain leading articles on  
the subject.

The Pall Mall Gazette's article is  
headed "Worse Things Than War,"  
and points out the advantages that  
Great Britain would be likely to gain  
in case of war.

The St. James' Gazette says:  
"There is reason for us to be calm, not  
because of the reports that France is  
arming, which we do not believe, but  
because we are as ready with our na-  
tional defenses as ever in our history."

The Westminster Gazette praises the  
cabinet's skillful management of the  
Fashoda affair, and says: "Public  
opinion, though firm concerning the  
substance of the dispute, requires Lord  
Salisbury to do nothing to increase  
France's difficulties."

## BRIEFS FROM BELOIT

A Pretty Wedding Celebrated—Mus-  
tering Out the Local  
Company.

Beloit, Oct. 21.—[Special]—A very  
pretty wedding took place at the home  
of the bride's parents, Mr. and Mrs.  
Charles W. Gore, 628 Broad street Wed-  
nesday evening, Oct. 19, the contracting  
parties being Samuel Eugene Hill, son  
of Mr. and Mrs. L. G. Hill, of Austin,  
Ill., and Miss Frances Dee Gore, of this  
city. The ceremony was performed by  
Rev. W. A. Spinney, pastor of the First  
Baptist church in the presence of a large  
number of relatives and school friends.  
The bride wore a gown of white mull  
over silk, and carried bride's roses.  
Nellie and Ruth Tower, nieces of the  
bride, dressed in white and carrying red  
roses, acted as bridesmaids and ribbon  
girls. In showers of rice the young  
couple took the 9:42 p. m. train en route  
for Chicago. Next Tuesday evening in  
Austin, Ill., Mr. and Mrs. Hill, parents  
of the groom, will give a reception for the  
newly wedded pair. After the wedding  
trip Mr. and Mrs. Hill will go to house-  
keeping at 521 Broad street in this city.  
Miss Gore is held in high esteem in this  
city. Mr. Hill is a traveling salesman  
for H. M. Hooker & Co., of Chicago, Ill.  
There were about twenty-five guests  
from out of town, present.

Lieut. Quinn received notice yester-  
day that Capt. Andrus U. S. A., with  
the examining surgeon and paymaster  
will be in Beloit Saturday evening, Oct.  
22, to muster out and pay Co. E.

## THE BUBONIC PLAGUE

Its Introduction in Vienna Ascribed to  
Microscopic Experiments, and  
the People Indignant

Vienna, Oct. 21.—[Special]—It is re-  
ported that one of the nurses who at-  
tended Dr. Barish, who died of the  
bubonic plague, contracted while exper-  
imenting with plague cultures, is dying  
in the hospital from the same disease,  
and that Orish's physician is sick with  
the same disease. People are indignant  
that the whole city should be endan-  
gered by the experiments, and a strong  
guard has been placed about the bac-  
teriological institute to defend it from  
mob attacks.

Which shall it be, net cash prices  
or discount prices? We can give you  
both and will assure you that they  
will be the lowest. F. L. Quatsoe,  
Advertiser of Facts.

## DULLNESS MARKS TOBACCO MARKET

FEW BUYERS CIRCULATING IN  
ROCK COUNTY

Market With Janesville Dealers Has  
Been Such As To Cause No Ex-  
citement—Edgerton Dealers Report  
The Same State Of Affairs—Old  
Stock Begins to Move.

There is a decided lull in the buying  
of the new crop from this market and  
we can learn of but little doing in other  
sections. A few buyers are circulating  
among the growers but no active move-  
ment has developed. The moist weath-  
er of the week will permit of some of  
the cured portions being removed from  
the sheds and a more thorough exami-  
nation can be made.

Old stock is moving more freely than  
heretofore, says The Wisconsin Tobacco  
Reporter, and some large transactions  
have taken place, but the particulars  
have not been attainable. The reported  
sale of 571 cases of fillers made by Sov-  
erhill & Porter, of Janesville, to a local  
firm, has reached us at a fancy price,  
top, we are told. '97 tobacco has also  
been sold in liberal sized quantities, and  
also several lots of old B's. Sampling  
is still being done at several of the  
warehouses.

Shipments out of storage for the week  
past reach 700 cases or fourteen car-  
loads to all points from this station.  
Since last report 1,800 cases of cigar leaf  
were exported from New York.

This week's issue of Farm and Home  
in speaking of the local market says:  
Our market jogs along in the same  
old rut and at about the same tardy  
pace that has characterized it for sev-  
eral weeks. To be sure, there is some  
business done, but it is largely in small  
lots and do not make a very large show-  
ing in the aggregate.

Cigar manufacturers are doing a fairly  
good business, but do not buy their  
supplies in large quantities, but buy  
often.

The buying of '98 has slackened off  
somewhat and little is being done in  
that line.

Bert Richardson is the first local  
dealer to enter the field for '89, he hav-  
ing purchased one acre of O. L. Rich-  
ards, of the First ward for 5 and 1 in  
the bundle.

We have had rainy weather all this  
week and the hanging tobacco is in ex-  
cellent case, and a few farmers have  
taken down a portion of their crops.

Shipments to eastern points have  
been fairly liberal.

### PICK THEIR OFFICERS.

Illinois Knights of Pythias Finish Their  
Work at Galesburg.

Galesburg, Ill., Oct. 21.—The Illinois  
grand lodge of the Knights of Pythias  
finished its annual session here Thurs-  
day. East St. Louis was chosen for the  
next place of meeting. The election  
of grand officers resulted as fol-  
lows: Grand chancellor, A. F. Cum-  
mings, Rockford; grand vice chan-  
celor, R. G. McIlvane, Murphysboro;  
grand prelate, J. E. Jewitt, Lincoln;  
grand keeper of records and seal, H. P.  
Jaldwell, Chicago; master of finances,  
M. F. Dunlap, Jacksonville; master at  
arms, Charles H. Cushing, Chicago;  
grand inner guard, Gen. James H.  
Barkley, Springfield; grand outer  
guard, W. G. Edens, Galesburg.

The question of founding a state  
Pythian home was discussed at length  
and the proposition defeated. A report  
was given from the uniform rank, and  
howed a flattering condition. The mo-  
tion to make \$10 the minimum initia-  
tion fee, which carried Wednesday, was  
opposed, and the old figure, \$15,  
stands.

### Russia Buying Grain.

Philadelphia, Oct. 21.—One of the  
most important grain charters an-  
nounced for some time is that of the  
British steamship Unionist, to load at  
one of the North Atlantic ports for  
Revel. This is the first grain cargo  
destined in many years for Russia,  
which has heretofore largely supplied  
Europe with wheat. The short crop  
has compelled the Russians to become  
purchasers, a thing almost unheard of  
before.

The rush of grain tonnage still con-  
tinues, over sixty steamers having  
been chartered in the last ten days to  
load on European account. The grain  
rush has caused many other export  
trades to be entirely neglected, grain  
and high-class freight being the most  
remunerative.

### German Apple Crop a Failure.

Washington, Oct. 21.—Germany is  
about to have an apple crop smaller  
in quantity and poorer in quality than  
has been gathered in recent years, ac-  
cording to United States Consul Gen-  
eral Frank Mason at Frankfurt. Cider  
apples this year command three times  
the usual price and no cider will be  
made outside of Wurtemberg. Even  
cidering apples of an inferior grade are  
selling in Frankfurt at 8 to 9 cents  
a pound. This deficiency is said to ex-  
tend more or less generally to France,  
the Tyrol, Bohemia and northern Italy,  
so the conditions favor a large im-  
portation of American apples.

## MARCHAND'S REPORT

His Report On Occupation of Fashoda  
Makes No Mention Of the  
British.

Paris, Oct. 21.—[Special]—Gen.  
Marchand, the man whose entry into  
Fashoda, has brought England and  
France to the verge of war, has been  
heard from. A special messenger has  
reached Cairo with Marchand's report,  
which has been transmitted to the  
war office here, which report makes no  
mention of the British troops marching  
to Fashoda.

The dispatch is simply an account of  
the expedition. The explanation of the  
fact that Kitchener's visit is not men-  
tioned is that Marchand's full report  
was not ready when the messenger de-  
parted.

## FLOOD CAUSES DAMAGE

City of Fiume in Hungary Suffers  
Losses Amounting to Two  
Million Florins.

Buda Pesth, Oct. 21.—[Special]—  
The lower district of the city of Fiume  
were flooded by the overflowing river  
Fiumara causing damage to the extent  
of two million florins.

## FORECAST OF WEATHER

Chicago, Oct. 21.—[Special]—Fore-  
cast for Wisconsin:

Threatening weather, continued cool  
tonight and Saturday.

## LEE SENTENCED TO THE STATE PRISON

PLEADED GUILTY HERE THIS  
MORNING

Was Arrested in Beloit Charged With  
The Larceny Of Clothing—Says  
That Drink Is To Blame For His  
Downfall—Intends To Brace Up  
And Be Somebody.

Knudt A. Lee, who was arrested in  
Beloit on October 11 charged with the  
larceny of an overcoat, a pair of shoes,  
and their wearing apparel, pleaded  
guilty when arraigned in the municipal  
court this morning and was sentenced  
to one year in the state prison at Wau-  
puna at hard labor.

There was no use of the prisoner do-  
ing anything else but plead guilty for  
the evidence against him was of the  
strongest kind. When arrested he ad-  
mitted the crime and said that he was  
drunk at the time. He has been to  
Waupuna before having spent a term  
there for forgery.

## TRIUMPHAL PROGRESS

Presidential Party Is Enthusiastically  
Received at Indianapolis  
Today.

Indianapolis, Oct. 21.—[Special]—  
President McKinley and party arrived  
here shortly before noon. An enor-  
mous crowd turned out to meet him  
despite the inclement weather. The town  
was beautifully decorated in the presi-  
dent's honor. A parade was immedi-  
ately formed, the president's escort  
consisting of two companies of the  
hundred and fifty-eighth Indiana  
regiment and the hundred and fifty-  
seventh and two batteries were in line.  
The presidential train was enthusiasti-  
cally received at all the towns through  
which they passed.

In the parade the president rode in  
his wife and Senator and Fair-  
banks. When the state house was  
reached Mr. McKinley spoke for a few  
minutes and then went to the depot,  
resuming his journey immediately.

## LOSE MAN FROM RUSH

Beloit Football Team Crippled For the  
Game With the State Uni-  
versity.

Milwaukee, Wis., Oct. 21.—[Special]—  
The Beloit team is worried today  
over the report that Myers, one of the  
best men in the rush line, may not be  
able to play tomorrow against Wiscon-  
sin university. Myers belongs to the  
First Wisconsin volunteers, and received  
orders to report for mustering out  
on Saturday night. Arrangements are  
being made to arrange so that Myers  
can play.

## AFRAID OF A RACE WAR

Whites in North Carolina Are Arming,  
in Anticipation of Trouble at  
the Election.

Norfolk, Va., Oct. 21.—[Special]—  
Dealers in arms and ammunition here  
report a large demand from North Caro-  
lina. The whites in the state fear a race  
conflict at the polls in November, and  
are arming themselves in anticipation of it.

### Car of Apples.

We have just received a car of fancy  
Michigan apples, the choicest winter  
stock possible to find with per-  
sonal inspection. Our advice  
to people who intend laying in  
a supply of apples for the win-  
ter, is to buy at once. The  
fruit is already up in price, and  
will go higher very soon. Sanborn.

## WHEAT VALUES ARE GREATLY INCREASED

WARLIKE TALK IN EUROPE  
SENDS PRICES BOOMING

Large European Demand Anticipated  
In Case Of a Rupture Between  
England and France Over the Fash-  
oda Affair—Large Output By  
Minneapolis Mills.

Chicago, Oct. 21.—[Special]—The  
prospect of a war between England and  
France, over the Fashoda incident, has  
sent wheat booming. Heavy buying  
on foreign account has increased the  
price 2 1/2 cents over the closing of Tues-  
day, and there is every indication that  
the top notch has not nearly been  
reached. The course of the market,  
however, will depend largely upon the  
news of the coming few days. If it  
continues warlike a rise of five to eight  
cents is predicted for the coming week.  
The market is steady and strong.  
While largely speculative it lacks some  
of the elements that have heretofore  
characterized seasons of speculation.  
Even the bears acknowledge that in  
case of war prices are bound to increase  
materially, and they are anxiously scan-  
ning the news for intelligence of an ad-  
justment of the difficulty.

Added to the warlike situation in  
Europe comes the news of damage to  
wheat in North Dakota to assist the  
bulls. Large quantities of the cereal,  
it is reported, have been destroyed by  
floods and heavy rains.

The large output of flour by the  
Minneapolis mills last week—348,830  
barrels—has seldom been surpassed, but  
in case of war this vast amount will  
soon be consumed and much more be-  
sides.

## TURKEY WILL GET OUT

Has Agreed to Leave Crete At the  
Demand of the European  
Powers.

London, Oct. 21.—[Special]—A Con-  
stantinople dispatch says the Porte has  
sent an official reply to the ultimatum  
of the powers agreeing to complete the  
evacuation of Crete by the Ottoman  
troops.

### Illinois Building and Loan Men.

Springfield, Ill., Oct. 21.—The nine-  
teenth annual meeting of the Building  
Association League of Illinois opened  
Thursday, with the president, Albert  
Barnes of Decatur, in the chair. Pres-  
ident Barnes delivered his annual ad-  
dress, and reports of Secretary B. G.  
Vasen of Quincy and Treasurer J. N. C.  
Shumway of Taylorville were read. The  
secretary's report of the last year's  
work was not encouraging, and the  
conditions existing are attributed to  
lack of interest of managers of build-  
ing and loan associations, the slow re-  
covery of the commercial world from  
financial depression and the great con-  
traction in real estate values.

### Must Out Wisconsin Boys.

Milwaukee, Wis., Oct. 21.—Compan-  
ies I, K, L and M of the First Wiscon-  
sinn volunteers were mustered out  
of the United States service Thursday.  
Each member was paid in full when  
given his discharge. Capt. Andrus, the  
mustered-out officer, goes to Racine  
today, where Company F will be must-  
ered out. Other companies to be must-  
ered out are Beloit, Janesville, White-  
water, Fort Atkinson, Monroe, Dar-  
lington and Madison in the order  
named.

### Elect Their Officers.

Chattanooga, Tenn., Oct. 21.—The  
last day's session of the Christian mis-  
sionary convention closed Thursday.  
The following officers of the Foreign  
Christian Missionary society for the  
ensuing year were elected: President,  
C. L. Loos, Lexington, Ky.; recording  
secretary, S. M. Cooper, Cincinnati;  
O.; treasurer, F. M. Raina, Cincinnati;  
corresponding secretary, A. McLean,  
Cincinnati; auditor, Joseph F. Wright,  
Cincinnati.

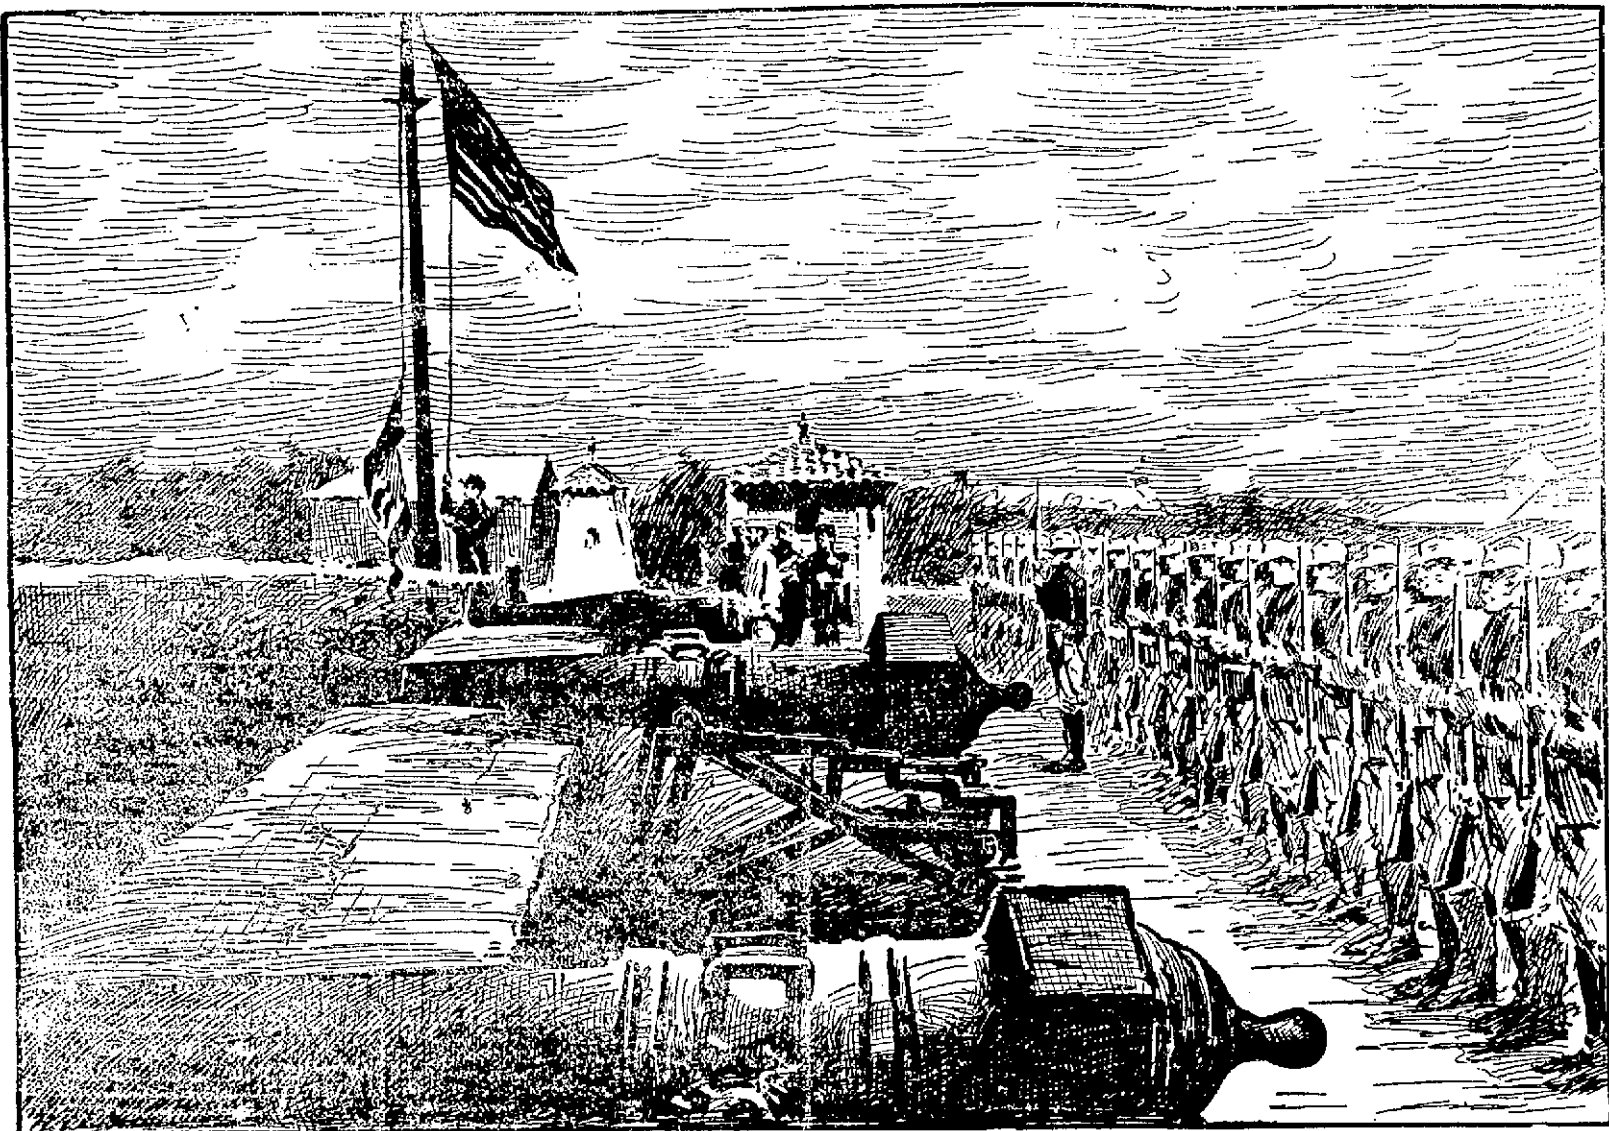

### Probing the Bank's Affairs.

Pittsburg, Pa., Oct. 21.—Col. Hugh  
Young, United States bank examiner,  
is still at work on the investigation of  
the actual condition of the German  
National bank. Acting President Myers  
said no thought of prosecutions on  
account of alleged irregularities had  
presented itself in the investigation  
thus far. Whether the future develop-  
ments in the examination would lead  
to any action he was unable to say.

### Strike Cost Him \$25,000.

Oshkosh, Wis., Oct. 21.—George M.

company, the corporation alleged to

THE FALL OF MANILA—RAISING THE AMERICAN FLAG OVER FORT SANTIAGO. FROM HARPER'S WEEKLY

AFTER A DRAWING BY G. W. PETERS. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper &amp; Brothers

The wisdom of following the strategy which, it is understood, Admiral Dewey favored, of dropping a few shells into Manila and then landing troops from transports on the water-front to occupy the city, is proved by the experience of the Second Oregon volunteers. Company E, acting as escort to General Merritt on board of the Zafiro, and the rest of the First and Second battalions of the Second Oregon on the steamer Kong Hoi, proceeded out with the squadron from Cavite, making for Manila. During the day the two steamers lay just back of the fleet in action, but well within the range of the silent guns on the Luneta. At four o'clock in the afternoon the Belgian tug which, after the white flag had been raised in the city, had brought out the

Belgian consul, through whom terms of surrender were negotiated, came along-side of the Kong Hoi, with orders for Colonel Summers to make a landing with the two battalions of the Second Oregon and proceed to the walled city. The Kong Hoi went aground near the entrance of the Pasig river, and Colonel Summers was obliged to collect all the small boats in the river to effect a landing. In a remarkably short time of forty minutes the two battalions were on shore, marching up into the walled part of Manila. Company A was ordered to lower the Spanish garrison flag and to raise the American colors. As Lieutenant Poley raised the American flag the whole fleet saluted, and the Oregon band, which came marching up the Luneta, struck up "The Star Spangled

Banner." At the mouth of the Pasig river the Spanish gunboat Subig, set afire to prevent our capturing her, blazed heavenward, as if in a last salute to the yellow and red of Spain, while in the west the setting sun streaked the clouds with gold. The day of Spanish glory and misrule was at an end in the Philippines. Our illustration taken from Harper's Weekly, shows the raising of the American colors over Fort Santiago, Manila. It was drawn by G. W. Peters, special artist with General Merritt's forces. The town was crowded with Spanish troops. These marched slowly into the square before the palace, the headquarters of General Merritt and between two files of Oregon soldiers dropped their arms in great heaps.

The disarming went on until one o'clock at night. Four thousand stand of arms were taken that night. The Spanish men accepted the situation philosophically enough, but the women wept, and filled the air with their cries of distress. For sixty hours 400 out of 500 Oregon troops in Manila were on guard duty. They seized, in the different churches, immense store of provisions of the Spanish government. In the church of St. Augustine alone they found 7,100 sacks of rice, each sack containing 150 pounds. Sardines, beans, olive oil, coffee, bacon, and dried fish were there in plenty, indisputably proving that the garrison might have held out indefinitely, so far as food supply went. In the treasury \$50,000 dollars

#### Tiffany.

Tiffany, Oct. 21.—The flag raising in the Tiffany School District took place on the 15th, at 12 m. Under the direction of Major C. W. Starks, marshal of the day, the flag was run up amid cheers and floated magnificently—a 14 foot flag on a 75 foot steel pole. Dinner followed and a good dinner it was with enough and to spare. The exercises followed consisting of martial music by the Murray band, singing by the Glee club, assisted by J. Howarth of the First regiment and a former teacher in the school. The school exercises under the direction of the teacher Miss Anna Peterson, were very good indeed and were followed by recitations by the Peterson sisters and Miss Proctor which were received with enthusiasm by the audience. Stirring speeches followed from Superintendent Thorne in the welcoming address. Hon. William Wheeler and Miss Norcross, all of whom had the closest attention of the audience. The three speakers are all favorites in this community and when Major Starks introduced Mr. Wheeler as "the present and to be continued member of assembly" the audience responded with great enthusiasm. After music the audience after joining in "America" at the suggestion of Mr. Norcross, sang "Marching Through Georgia" with a will. It was emphatically a good time and all were glad they came. Janesville, Beloit, Emerald Grove, Clinton, Shopiere and other towns were represented while a goodly band of "old vets" and young ones too, were present and highly enjoyed the coffee and beans. This district has two ladies on the board and have raised the first school flag in town. They have worked early and late at a cost of \$25 for the pole and \$10 for the flag have erected, set an example for other districts to follow. The board consists of

L. A. Meloy, Mrs. J. Conway and Mrs. D. Q. Sparks. It is needless to say there is a good school in the district and that the work is thoroughly attended to. At the Thompson & Starks auction on Tuesday cows brought as high as \$49. Horses went low to medium, while sheep were quick, \$4.50. Our farmers are trying for big ears of corn. J. Bontoft started in with one with 1,200 kernels, followed by Will Reader with some 1,800, and Ralph Howard with 1,400, 1,600 and a possible 2,200 on a single ear. Hog cholera has cleared out most of the herds here, some farmers losing as high as a hundred, and is found on about every farm, the worst ever known in this section.

## STOPS BOND ISSUE

The state supreme court called a halt on the city of Milwaukee on the issuing of bonds by a decision that the constitutional limit restricting the legal amount of the city of Milwaukee's obligations was a debt limit, and not a bond limit, and the court enjoined the city from issuing \$80,000 bridge bonds, \$140,000 street improvement bonds and \$80,000 garbage disposal bonds.

The decision was made in the case against the city of Henry H. Rice, who appealed from the recent decision of Judge Sutherland, the ruling of the lower court being reversed. The Supreme court holds that the constitutional limit of debt imposed on the city was, at the time of the beginning of the action, \$7,294,171.25 and that the city at this time, when it proposed to issue \$300,000 of bonds, was \$7,255,695.34 in debt, a sum over \$50,000 in excess of the limit.

The details of the city's indebtedness were found by the court to be as follows:

Bonded indebtedness.....	\$6,933,016.25
Other city indebtedness.....	1,050,596.25
Total indebtedness of city.....	\$8,000,002.50

From this should be deducted money on hand belonging to interest and sinking fund..... \$64,266.25

Other cash on hand..... \$3,640.91

Total city indebtedness..... \$7,255,695.34

The writ not only found that the proposed issues could not be made because the debt limit had been passed, but held that money raised in advance by taxation for specific purposes, such as for the schools, is a trust fund and cannot be diverted for other purposes. In case such diversion was made, the amount of it constituted on indebtedness within the constitution. Relief from that source, therefore, was precluded. In making its decision the court also overruled the city's contention that street railway license fees and liquor license fees should be deducted. The contention of Attorney George P. Miller for H. H. Rice, the appellant, that the amount of cash the city had in its treasury, \$1,006,558.15, should not be deducted from the sum of indebtedness except that part applicable to the payment of outstanding debts, was sustained by the court.

The local democratic ring may control the democratic party, but the republican voters reserve the right to do as they please, and will do so regardless of the efforts of the local triangle to control them.

The democratic ring dictated the action of the democratic county convention, and shelved bona fide candidates to make room for the candidates of the machine. Their success so encouraged them that the democratic machine now

sacks to control the republican voters. Rock county republicans, however, are too intelligent to be misled by democratic clap-trap, and the efforts of the free silver machine to fill intelligent men with "hogwash" show that the ring has no argument to advance.

Republicans know full well that they invariably err when they take advice from the free silver populist crowd. The silver papers make great promises, but do not deliver the goods. The man who sticks to the republican party, however, never makes a mistake. The republican party stands for the best principles of government.

Perry F. Brown, the republican nominee for county surveyor, is a man in every way qualified for the place. He now holds the position of city engineer for the city of Janesville, and is an authority in his profession.

## SINISSIPPI GOLF CLUB HELD SPECIAL MEETING

Several Entertainments In View—

Valentine Masquerade Just Before Lent—News Of The Day Along Social Lines—Gatherings In Various Parts Of The City.

Plans for the annual party, the annual masquerade and another entertainment novel in every detail, were discussed by members of the Sinissippi Golf club last evening.

The ball will be given in the Armory Thanksgiving night, as has been the custom for two years. It will be made the event of the year.

Especially attention will be given to the music. Smith's orchestra will be augmented to eight pieces, and during the evening there will be vocal numbers by the famous Rockford male quartet.

The price of tickets was fixed last evening at \$1, with fifty cents for extra lady.

A committee of arrangements, consisting of Albert Schuller, Joseph P. Baker, George King, W. S. Fifield and James C. Wilmarth was appointed to arrange all the details of the affair.

Appropriate decorations were decided upon and sub-committees will be appointed to take this branch of the work in charge.

The annual masquerade was set for February 14, the last night before Lent. It will be a valentine party.

It is expected that the new club house will be completed by November 15. Arrangements for the dedication are being considered.

## MRS. KENDALL TOOK POISON AND DIED

FAMILY TROUBLE THE CAUSE OF RASH ACT

Also Worried Over An Operation Soon To Be Performed—Left a Letter To Her Husband Whom She Married Twenty Five Years Ago—Was Respected By All.

Mrs. Mary Ann Kendall, wife of John Kendall, of 289 South Main street, died at 5 o'clock this morning as the result of an overdose of laudanum taken with suicidal intent.

The following letter mailed by her yesterday at noon at the postoffice, has reached her husband:

"Good bye, my dear husband. It is better for us both. Bury me at Waukesha. She Had Trouble.

Constant worrying on the part of Mrs. Kendall over family troubles, and the thought that she was soon to submit to an operation in Chicago for the removal of a tumor, is said to have led her to take her own life.

For several months past she had been in poor health, but through it all she bore her troubles bravely. Yesterday morning she got up, feeling cheerful. About 10 o'clock she put on her cloak and went up town. At 11 o'clock she met her brother, A. T. Wilkins, of 305 South Bluff street, in front of the postoffice. At that time she acted queerly, and on being asked by her brother if she felt well, she replied that she had been worrying over her troubles, and that she thought they would soon be over. She stated that she had fixed everything satisfactorily at Waukesha, and that she soon expected to be there herself. Mr. Wilkins said that his sister then kissed him, saying that she could not stand her troubles any longer. Then she walked into the post office and mailed the letter that afterwards reached her husband.

Had Spoken of Suicide.

"I thought nothing strange of her actions," said Mr. Wilkins this morning when asked about the case, "for she has frequently acted that way in the past few months, threatening several times to end her life because she thought it was all for the best. She has even come to my house time and time again and talked with us as to what was best to do. We never thought that she would resort to suicide."

At 12 o'clock yesterday Mrs. Kendall returned home. Soon afterwards she retired to her bedroom on the second floor and locked the door. A few minutes afterwards groans were heard from the room, and at first the family were loath to believe their own ears. The door was tried and found locked. A short time afterwards groans were again heard, and then on trying the door it was found unlocked. The members of the family found Mrs. Kendall lying on the bed in a conscious condition. She said she was ill, and requested to be taken down stairs and placed on the lounge. This was done. She then talked to those about her but said nothing of her rash act. Then she gradually dozed into an unconscious state.

Laudanum Was the Drug. Dr. E. E. Loomis was called and it took him but a short time to pronounce it a case of laudanum poisoning. All that could be done to save her life was attempted but at 5 o'clock this morning she died without recognizing those about her. On searching her room two empty laudanum bottles that bore the drug store labels of Stearns & Baker and W. T. Sherer were found hidden beneath the dresser. It is thought that she took about two ounces of the fatal drug.

An Estimable Woman. Mrs. Kendall was fifty-three years of age, and was married to her present husband twenty-five years ago at Pewankee. She was born in Dorsetshire, England, on Feb. 5, 1846, and came to America in 1860, coming direct to Waukesha county. Ten years ago she and her husband moved to this city, and here they have since resided, making their home of late years at 289 South Main street. Mrs. Kendall was loved and esteemed by all, and a large circle of warm friends will regret her untimely death.

Notice of the funeral will be given later.

Mrs. Bridget Holleran. At 8 o'clock last evening Mrs. Bridget Holleran passed away after a long and painful illness. Ever since last April, she has been confined to her home, No. 102 St. Mary's avenue by an affection of the stomach. She was sixty-five years old and leaves two daughters and a son to mourn her loss. Mrs. William Gavenny, Miss Katherine Holleran and Patrick Holleran, all residents of this city.

The funeral will take place tomorrow afternoon at 2:30 o'clock, at St. Mary's church.

## SOLDIER BOYS ARE DISAPPOINTED

MUSTERING OUT OFFICER STILL AT RACINE

According to Late Dispatches He Will Visit Beloit Before Coming to Janesville—Will Probably Arrive Here Next Week—Boys Assembled At the Armory This Morning.

Captain Hanson and the members of Co. A, who expected to be mustered out and paid today, were much disappointed. Delays at Milwaukee caused by the banks refusing to cash checks was the cause of Captain Andrus not reaching Janesville today as he intended.

Yesterday the members of Co. A were given orders to be at the Armory this morning at 8 o'clock, for then it was thought the mustering out officer might be here. A message this morning states that today he will be in Racine, and that tomorrow he will be in Beloit.

Lieut. Quinn of the Beloit company, has received a telegram from Capt. Andrus, the mustering out officer, saying that he will be in Beloit Saturday to muster out Co. E and will bring with him a paymaster who will give the soldiers the money due them.

The members of the four Milwaukee companies, comprising the Third battalion of the First Wisconsin regiment, are now citizens. The muster out of Cos. I, K, L and M, was accomplished last evening. Each member was paid off in full before he was handed his discharge papers.

The other companies will be mustered out in this order: Beloit, Janesville, Whitewater, Port Atkinson, Monroe, Darlington, Madison. The work of mustering out and paying off the state companies will take about ten days. On his return to the city Capt. Andrus will visit the soldiers who are sick at hospital or their homes and muster them out.

When the work of mustering out Co. A is under way it will take but a short time. All the boys are within calling distance, and all preparations are now completed for receiving Capt. Andrus.

## THEY RETURN TO THEIR POSTS

Lieutenants Whiting and Richardson Leave to Resume Their Duties.

Lieut. Joseph B. Whiting, Jr., left at 6:35 this morning to resume his duties. His permanent station, however, is uncertain. He has manifested rare executive ability during his connection with the hospital service, and important work is likely to be entrusted to him at Jacksonville. Should he be selected for Cuban duty a field of equal promise will open up. Lieut. Whiting has entered upon his work with a soldier's spirit and has every prospect of success.

Lieut. L. T. Richardson and wife returned to Fort Leavenworth, Kas., today. Lieut. Richardson saw arduous service during the Santiago campaign and returned greatly broken in health. He is now only partially restored but the imperative demands of the service have made it necessary for him to join his command, the 20th Infantry.

## Race War Seems Imminent.

Norfolk, Va., Oct. 21.—Alarming reports regarding the imminence of a race conflict in North Carolina have reached this city. Feeling runs high over the prospect of negro domination, and the whites are determined to prevent such a consummation by force if necessary. Hardware men in Carolina have agreed to sell no arms to negroes and, in quantity, to no one. Most of the North Carolina militia is in camp at Jacksonville and should an outbreak occur on election day it will be difficult to quell it.

## South Texas Is Storm Swept.

Houston, Tex., Oct. 21.—A furious storm swept Texas Wednesday night. At Deer Park the two-story house of C. E. Adams was demolished. Adams, his wife and boy escaped with slight injuries, but a guest, A. J. Cook, seventy years old, was crushed to death. At Pasadena the residence of John Stout was demolished and the six occupants escaped in their night clothes with many bruises. At Rosenberg several houses were torn down and at Arcola the Methodist church was blown to splinters.

## AN ACTOR OF GREAT MERIT

Frederick Paulding in the Leading Role in "The Ironmaster."

Mr. Frederick Paulding, character-leading-man of the admirable Salisbury Stock company from the Davidson Theater in Milwaukee, will be seen as Philippe Derblay in "The Ironmaster" on Wednesday, Oct. 26 at the Myers Grand. Mr. Paulding is one of the best known actors in America and deservedly so, for his long experience of the stage has given him a degree of routine and artistic finish that few of his colleagues, wherever they may be, can boast. He has done admirable work in every branch of his profession, and is

as good as Romeo as he is in a modern part. Since joining the Salisbury company he has created a series of artistic masterpieces that have won for him the highest encomiums of the critical Milwaukee press, among them being the title roles in Jim, the Pennman and Captain Swift, Corvise in Moths, Ira Beasley in Sue, Israel Cohen in Men and Women, Mr. Buttercorn in The Lottery of Love, Col. Prescott in Alabama, and Philippe Derblay in The Ironmaster, as well as many others. In each of these widely differing characters he has shown the same unswerving sincerity of artistic purpose, backed up by really wonderful versatility. He appears to have no mannerisms and his finish is as subtle as that of true art must always be.

## President Addresses Railroad Men.

Chicago, Oct. 21.—The last meeting addressed by President McKinley during the national peace jubilee was that under the auspices of the railway employees' organization yesterday afternoon at the First regiment armory. The unions represented were the orders of locomotive engineers, firemen, conductors, trainmen and telegraphers, which control and embrace every railroad employe in their respective lines on four-fifths of the railroads of the country.

## Hostile Indians Brought In.

A federal court is in session there, and while the criminal business is all finished, the jury is being held that the Indians may have a speedy trial.

## Illinois Synod's Work Ended.

Bloomington, Ill., Oct. 21.—The Presbyterian synod of Illinois closed its convention Thursday night. ## Will Leave Cuba Jan. 1.

Gen. Butler called upon Gen. Parado Thursday and an informal conference was held, as a result of which the American commissioners believe there will be an early meeting in joint session for ratifying the date of evacuation.

Judge Henry C. Smith has refused the nomination tendered unanimously by silver republicans of Montana, for associate justice of the supreme court. The former Janesville attorney stands high in the estimation of the Montana bar, and was urged strongly to make the race. He writes to the chairman of the state central committee, however, as follows:

"Believe me, I appreciate the honor conferred by my nomination and I take this means of sincerely thanking you and through you the party you represent, for this evidence of your consideration."

"It cannot but be gratifying to a lawyer to know that a political party, assembled in state convention, deems him worthy of support for a seat upon the bench of the highest court of the state, but I am not and have not been a candidate for the supreme court and I therefore respectfully decline the nomination. # BOILER TUBES EXPLODE.

Accident on United States Torpedo Boat Davis.

VESSEL WAS ON ITS TRIAL TRIP

All Seemed Working Well Until Just Before the Disaster—Heroism of One of the Sailors Causes His Death—Loss to the Builders.

Astoria, Ore., Oct. 21.—The new torpedo-boat Davis exploded tubes in her boilers during her trial trip on the Columbia river Thursday. The forward fire hold was filled with steam and smoke and seven men were scalded to death. The names of the dead are:

CHARLES McNEALY, taken out dead.

PAUL LINETHLE, instantly killed.

HARRY WOODS, taken out dead.

JAMES LAWLER, died of injuries.

ALBERT BUEHL, died of injuries.

WILLIAM WOODS, died of injuries.

ALEX JOHNSON, went into firehold to rescue the injured and received hurts from which he died.

The first five men in the foregoing list were acting as firemen. William Woods was the head boiler-maker and was watching the performance of his work.

Alex Johnson was on deck when the explosion occurred and plunged gallantly into the steam-filled firehold to rescue the wounded men there. He paid with his own life for his courage, receiving injuries which have proved fatal.

The Davis was built by Wolff & Zwicker of Portland, and her trip Thursday was to be the final one for acceptance by the navy department.

The trial board on the vessel consisted of Lieutenant Commander Francis Drake, Chief Engineer Smith, and Lieutenant Spur. Chief Engineer Krustje was also in the party.

The boat left Portland Wednesday evening and dropped down the Columbia river to Rainier for the night.

Forty-one men all told were on board her. Both members of the firm of builders were aboard, with a few friends, including one newspaper man. The latter was the only other person hurt, and his injury was but slight.

The boat worked like a watch for a time. Between Cathlamet and Skamokawa, Pilot Patterson, who was at the wheel, noticed a stoppage in the speed, and said to the government officers who were with him: "They are shutting off steam."

Commander Drake instantly said, "There has been an accident," and as they looked aft they saw the hatch of the forward fireroom blow off. Out of it came fire, smoke, and steam, with an explosion like a cannon. The boat was under forced draft, and the hatch had been on tight.

One man came out aft the hatch and lit on the deck. Two more crawled up and shook the flesh from them as they fell on the deck. The hero of the occasion was Alex Johnson, who went down into the fireroom after the men who were still there. His heroism cost him his life.

The boiler was of tubular pattern and was designed to carry 250 pounds steam pressure. Through some defect not yet ascertained some of the tubes gave way. This filled the closed firehold with steam and the six men there were caught like rats in a trap.

It is not believed that the hull or machinery of the vessel is injured. As the boat had not been accepted the loss falls upon the builders. None of the men killed was in the government service. All were employees of the builders.

"T & T," the new brand of coffee introduced by the Thomson & Taylor Spice Co., is in perfect keeping with the reputation of the firm—the best.

WHEAT IN DANGER.

Millions of Bushels Standing in Fields in North Dakota and Manitoba.

St. Paul, Minn., Oct. 21.—Reports from the wheat fields of North Dakota and Manitoba are of the most discouraging character. It has been either raining or snowing for nine days.

In Manitoba only about 8,000,000 bushels of wheat of a crop of 20,000,000 bushels has been thrashed, and the balance, standing in stacks and shocks, is threatened with destruction. Farmers almost despair of saving the balance of these crops.

The barley and oat crops are also all out in the fields. If a heavy frost or snow should come now, the whole outstanding crop would be rendered unfit for even hog feed.

Millions of Bushels Lost.

Minneapolis, Minn., Oct. 21.—The rain and snow throughout the Red river valley and North Dakota caught many of the farmers with their grain unthrashed, and the present prospect is that much of it will remain in the stack until spring.

Just what the loss will be it is impossible to estimate, but it is safe to say that the greater portion of that which remains in the shock throughout the winter will be of little value except for fodder.

The estimates on the number of bushels affected in Manitoba is 7,000,000. On the same basis 10,000,000 to 15,000,000 bushels would be damaged in the Red river valley and North Dakota, and the total loss may amount to several million dollars.

TO MRS. PINKHAM.

From Mrs. Walter E. Budd, of Patchoquo, New York.

Mrs. Budd, in the following letter, tells a familiar story of weakness and suffering, and thanks Mrs. Pinkham for complete relief:

"DEAR MRS. PINKHAM:—I think it is my duty to write to you and tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I feel like another woman. I had such dreadful headaches through my temples and on top of my head, that I nearly went crazy; was also troubled with chills, was very weak; my left side from my shoulders to my waist pained me terribly. I could not sleep for the pain. Plasters would help for a while, but as soon as taken off, the pain would be just as bad as ever. Doctors prescribed medicine, but it gave me no relief.

"Now I feel so well and strong, have no more headaches, and no pain in side, and it is all owing to your Compound. I cannot praise it enough. It is a wonderful medicine. I recommend it to every woman I know."

**DANGER FOR OUR SOLDIERS.**

Should Not Be Sent to Havana at Once.

**THE CITY IS TOO UNHEALTHY.**

Military Board Will Probably Recommend That Native Troops Be Employed on Police Duty, as a Part of United States Army.

Havana, Oct. 21.—The board of staff officers which is to establish the United States military stations in Cuba has come to no conclusions as a board, but opinions are forming in the minds of individual members, and it is safe to predict some of the things the board will do and some that it will recommend. In the first place, it will seek to discourage the department at Washington from sending soldiers here any sooner than necessary. In the second place, it will probably recommend that no American soldiers be kept in Havana or even be permitted to go there except in cases of riots or other serious disturbances. In the third place, it is very likely that it will report contrary to the occupation plan submitted by Gen. Lee to the department at Washington and favorably looked upon by the president and secretary of war. In the fourth place, it will probably recommend the employment of native soldiers for police duty, the same to be organized as a part of the army of the United States, or under the authority of the United States, but officered entirely by men holding commissions in the regular army.

Of these four propositions none has been formally adopted by the board, but several of the officers hold to them so strongly that there is but little doubt of their ultimate adoption in a report.

**ROUGH RIDERS MISSING.**

Fifteen Men of Whom All Traces Have Been Lost.

New York, Oct. 21.—Brig. Gen. W. M. Randolph, in charge of the mustering out of troops here, is trying to find fifteen rough riders who have not yet been mustered out, and of whom all track has been lost by the army authorities. About \$200 in back pay is awaiting each man, and the government desires that any information concerning them be sent to the army building. These are the names of the missing rough riders:

Braxton Grigsby, Troop E.  
Edward O'Brien, Troop A.  
George O'Brien, Troop A.  
Rufus H. Martine, Troop A.  
Walter F. Gregory, corporal, Troop B.

Norman L. Orme, Troop D.  
George D. McMurtree, Troop D.  
Albert Powers, corporal, Troop F.  
Richard Whittington, Troop G.  
John H. Edmunds, Troop G.  
Roscoe H. Channing, Troop K.  
Joe A. Kline, Troop L.  
R. L. O'Kisan, Troop L.  
Edward Culver, Troop L.  
Oran E. Parker, Troop L.

It is believed that some of the men are ill and that others of them have, through oversight, omitted to go through the formality of mustering out. Braxton Grigsby, whose name is on the list, is ill of fever at the apartments of his family in the Hotel Grenoble.

**For Occupation of Cuba.**

Washington, Oct. 21.—War department officials have begun active preparations for the departure of the Cuban army of occupation, a part of which is to proceed to the island within the next two weeks. It is intended that the first assignment of troops shall move from the United States on Nov. 2. They will be followed by other reinforcements as fast as the transportation facilities will permit.

**Missouri Men Get More Pay.**

Kansas City, Mo., Oct. 21.—Local lawyers have discovered a Missouri statute which provides that the state shall pay its soldiers 75 per cent of what the government pays them when under orders in war times. At this rate the soldiers are each entitled to \$70.20 bonus from the state, while the officers have a proportionate amount due them.

**Porto Rico Is Tranquil.**

**Suffering Women**

Women have a great many small complaints out of which large ones grow. In consequence of irregularities, excessive discharges, nerve complaints, they are ever on the rack, knowing little of comfort. Dr. Greene, 148 State Street, Chicago, Ill., the most successful physician in curing diseases in this country and a specialist of the first standing, has made a special study of women's diseases and discovered remedies for them which never fail to cure. Any suffering woman can consult Dr. Greene by letter, free of expense. Successful treatment effecting a cure is as sure and positive by private correspondence as by personal consultation. If you are troubled write to the doctor. Write at once and be the sooner cured.

**WILL AWAIT TIME'S TESTIMONY**

Masons of Washington Undismayed by Kentucky's Action.

Seattle, Wash., Oct. 21.—Past Grand Master J. M. Taylor, when shown The Associated Press dispatch from Louisville on the action of the grand lodge of Kentucky in withdrawing recognition from the grand lodge of Washington because it recognizes negro lodges, said: "The Masons of the state of Washington are, in this matter, contending for a principle of right and justice. Kentucky can certainly get along without us, and it is equally certain that we can get along without Kentucky. We can afford to bide our time until such time as the future shall demonstrate that the Masons of Washington are right on this question, just as the then loudly condemned abolitionists were right in their fight on slavery."

**NO FAITH CURE**

ABOUT STUART'S DYSPEPSIA TABLETS.

They Cure Stomach Troubles and Indigestion Anyway. Whether You Have Faith in Them or Not.

More faith will not digest your food, nor will not give an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food. Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized package, or by mail from the Stuart Co., Marshall, Mich.
